

Here is a description of each of the ten profiles:

 <p>Altruistic</p>	<p>Demonstrating high emotional intelligence, you enjoy an immediate connection with others. Relying on both intuition and information, you know how to help others and to obtain the best results.</p>
 <p>Analytical</p>	<p>You are honorable and upright. Undaunted by a lack of resources or consensus, you delight in completing a task and are motivated to excel to meet your own exacting standards.</p>
 <p>Benevolent</p>	<p>Confident in your opinion, you are comfortable standing out in a crowd. Both innovative and open-minded, you enjoy forging new paths and delight in finding solutions that can result in long-lasting change.</p>
 <p>Compassionate</p>	<p>You are attuned to others' emotions and needs, striving to ease the plight of individuals who may need a helping hand. With a keen interest in the world, you enjoy good relationships with others and experience an overall sense of wellbeing.</p>
 <p>Discerning</p>	<p>You are highly ethical and attuned to other's feelings. Your peers like you because you are both dependable and honest. Motivated by the greater good, you are unselfish in your pursuit to ease the pain and suffering you see.</p>
 <p>Experimental</p>	<p>A risk-taker by nature, you are excited by ideas and are the first to adopt a new technology or champion an emerging trend. Your take-charge personality helps you to thrive in a fluid environment.</p>
 <p>Generous</p>	<p>Bright and inquisitive, you are quick to grasp the relevancy of a situation and act with aplomb. You are self-assured and enjoy cooperating with others in a team environment.</p>
 <p>Principled</p>	<p>You are someone who values actions over words. Impervious to your own position, you seek to cooperate with others and enjoy an open communication style. Trustworthy and honest, others are often drawn to you.</p>
 <p>Purposeful</p>	<p>Caring by nature, you have a fundamental understanding of your peers and wish to help them. Never to shy away from a challenge, you tackle intellectual problems with creativity and strive to make the world a better place for us all.</p>
 <p>Thoughtful</p>	<p>You have both imagination and initiative, a useful combination that often translates into a new approach to problem-solving. Your sound moral compass enables you to think deeply and freely about how to help others and realize the greatest impact.</p>
